

## Index to Volume 56, 2002

### Authors

Armstrong, WJ: See Yaggie, JA, *Summer 2002*, p. 19.

Apache, RR: *Use of reaction and movement time as a measure of lower extremity functioning in multiple sclerosis*, *Fall 2002*, p. 35.

Babcock, G: *Documentary analysis of research productivity in the literature related to individuals with disabilities and exercise physiology*, *Spring 2002*, p. 3.

Faghri, PD: *Reducing edema in the lower extremity of hemiplegic stroke patients: A comparison of non-pharmacological approaches*, *Winter 2002*, p. 51.

French, R: See Babcock, G, *Spring 2002*, p. 3.

Gillespie, M: *The effect of overlearning on the acquisition and retention of the overhand throw for children with and without mental retardation*, *Summer 2002*, p. 25.

Hovorka, C: See Faghri, PD, *Winter 2002*, p. 51.

Huettig, C: See Babcock, G, *Spring 2002*, p. 3.

Jackson, D: See ApacheRR, *Fall 2002*, p. 35.

Mattson, DH: See ApacheRR, *Fall 2002*, p. 35.

Myers, B: See Babcock, G, *Spring 2002*, p. 3.

Simmons, RW: *The effects of prenatal alcohol exposure on cognitive and motor functioning*, *Fall 2002*, p. 42.

Trumbower, R: See Faghri, PD, *Winter 2002*, p. 51.

Yaggie, JA: *Flexibility outcomes of children with spastic cerebral palsy during a semester of play-based therapy*, *Summer 2002*, p. 19.

### Subjects

#### Bibliometrics

*Documentary analysis of research productivity in the literature related to individuals with disabilities and exercise physiology*, *Spring 2002*, p. 3.

#### Bradford Distribution

*Documentary analysis of research productivity in the literature related to individuals with disabilities and exercise physiology*, *Spring 2002*, p. 3.

#### Cerebral Palsy

*Flexibility outcomes of children with spastic cerebral palsy during a semester of play-based therapy*, *Summer 2002*, p. 19.

#### Cognitive

*The effects of prenatal alcohol exposure on cognitive and motor functioning*, *Fall 2002*, p. 42.

#### Disabilities

*Documentary analysis of research productivity in the literature related to individuals with disabilities and exercise physiology*, *Spring 2002*, p. 3.

#### Edema

*Reducing edema in the lower extremity of hemiplegic stroke patients: A comparison of non-pharmacological approaches*, *Winter 2002*, p. 51.

#### Exercise Physiology

*Documentary analysis of research productivity in the literature related to individuals with disabilities and exercise physiology*, *Spring 2002*, p. 3.

#### Fetal Alcohol Syndrome

*The effects of prenatal alcohol exposure on cognitive and motor functioning*, *Fall 2002*, p. 42.

**Information Processing**

*Use of reaction and movement time as a measure of lower extremity functioning in multiple sclerosis, Fall 2002, p. 35.*

**Mental Retardation**

*The effect of overlearning on the acquisition and retention of the overhand throw for children with and without mental retardation, Summer 2002, p. 25.*

**Motor**

*The effects of prenatal alcohol exposure on cognitive and motor functioning, Fall 2002, p. 42.*

**Motor Learning**

*The effect of overlearning on the acquisition and retention of the overhand throw for children with and without mental retardation, Summer 2002, p. 25.*

**Multiple Sclerosis**

*Use of reaction and movement time as a measure of lower extremity functioning in multiple sclerosis, Fall 2002, p. 35.*

**Neuromuscular**

*Use of reaction and movement time as a measure of lower extremity functioning in multiple sclerosis, Fall 2002, p. 35.*

**Neuromuscular Electrical Stimulation**

*Reducing edema in the lower extremity of hemiplegic stroke patients: A comparison of non-pharmacological approaches, Winter 2002, p. 51.*

**Overlearning**

*The effect of overlearning on the acquisition and retention of the overhand throw for children with and without mental retardation, Summer 2002, p. 25.*

**Perceptual Motor Development**

*Flexibility outcomes of children with spastic cerebral palsy during a semester of play-based therapy, Summer 2002, p. 19.*

**Play Therapy**

*Flexibility outcomes of children with spastic cerebral palsy during a semester of play-based therapy, Summer 2002, p. 19.*

**Range of Motion**

*Flexibility outcomes of children with spastic cerebral palsy during a semester of play-based therapy, Summer 2002, p. 19.*

**Reaction Time**

*Use of reaction and movement time as a measure of lower extremity functioning in multiple sclerosis, Fall 2002, p. 35.*

**Research Productivity**

*Documentary analysis of research productivity in the literature related to individuals with disabilities and exercise physiology, Spring 2002, p. 3.*

**Stroke Rehabilitation**

*Reducing edema in the lower extremity of hemiplegic stroke patients: A comparison of non-pharmacological approaches, Winter 2002, p. 51.*
